

# Dreams from My Real<sup>2</sup> Father

## *A Story of Reds and Deception*

### Q & A with Director Joel Gilbert

#### **How did you come to investigate President Obama's life history?**

I have a background in Middle East and Islamic studies and in 2010 wrote and directed a film called *Atomic Jihad: Ahmadinejad's Coming War and Obama's Politics of Defeat*. While reviewing video of over 200 Obama speeches for that film, I noticed an odd pattern. When speaking of issues relating to the rich and the poor, Obama became very excited, speaking rapidly and louder, always in a higher pitch. On other subjects, he was quite calm. Why would Obama have an inner passion for class struggle? From my knowledge of his background, exclusive prep school, Ivy Leagues, Harvard Law - it didn't seem to fit. I then read his autobiography, *Dreams from My Father*, and noticed numerous references to Obama seeking out Marxist professors and friends, emulating Malcolm X, attending socialist conferences, and organizing. It was a life journey in socialism! Plus, of his visits to Communist Frank Marshall Davis' house with his grandfather, Obama wrote, "it was as if I were witnessing some complicated, unspoken transaction between the two men."

I decided to investigate Frank Marshall Davis. His close physical resemblance to Obama was shocking, while Obama little resembled the Kenyan Obama. How could this be? Next, I unearthed two film archives of Frank Marshall Davis, one from 1973, the other from 1987, as well as Davis' photo collection. I then acquired 500 copies of the Honolulu Record, the Communist run newspaper where Davis wrote a weekly political column for eight years. I also obtained seven indecent photos of Ann Dunham, Obama's mother, taken at Frank Marshall Davis' house, suggesting an intimate connection between Dunham and Davis. I concluded the "Birthers" were on a fool's errand. To understand Obama's plans for America, the question was not "Where's the birth certificate?," the question was "Who is the real father?"

#### **How does your "Dreams" film compare to Obama's autobiography?**

My "Dreams" provides the first cohesive understanding of Obama's deep rooted life journey in socialism. It includes Obama's indoctrination in Marxism by Frank Marshall Davis, his college years, his job as "organizer," his involvement with Project Vote and the subprime mortgage crisis, the Ayers family, Alinsky and Reverend Wright, all the way to his campaigns and Presidency. *Dreams from My Real Father* is an alternate theory to Barack Obama's autobiography. The film narrative is based on both new and existing factual pillars, then presents reasoned logic, re-creations of probable events, and speculation for a complete story. Some dialogue is taken directly from Davis and Obama's writings, while some is approximated to bridge known facts. Viewers must judge the story for themselves. I believe they will agree that my "Dreams" is closer to reality than Obama's account, which more resembles a fairy tale.

#### **What new revelations are in *Dreams from My Real Father*?**

First, I make the case that Barack Obama's real father was Communist Frank Marshall Davis. Next, the relationship between Davis and Obama's mother, Ann Dunham, is illustrated with seven indecent photographs of Dunham, some including other women, taken at Frank Marshall Davis' house in Honolulu. I was not happy to include these racy photos in the film, but found it necessary to substantiate the intimate relationship between them. Those photos ended up in a men's mail order catalog of nude women, likely sold to them by Davis. I placed black bars on parts of the photos to be respectful.

Next, Obama's timeline of his early family life is debunked as false. Obama's mother returned to Seattle in late August of 1961, only a few weeks after his birth, and commenced studies at the University of Washington. The Kenyan Obama remained in Hawaii. The family did not split up when he went to Harvard University a year later as President Obama has alleged. All evidence points to a "sham" marriage covering up an illegitimate pregnancy. In another example, while Obama cites a string of racial incidents in his childhood, according to high school friends, no such events occurred. Hawaii was a multi-racial society where Blacks were highly respected, referred to as "Royal Hawaiians." Another new issue is Obama's likely membership in the May 19th Communist Organization during his time at Columbia University in the early 1980's.

## **What was the May 19th Communist Organization and how was Barack Obama involved?**

The May 19th Communist Organization was an above ground support group for the Weather Underground based in New York City from 1978-1985. 'May 19' carried out raucous anti-Apartheid and anti-Klan protests and operated a host of front organizations. At the time, Bill Ayers wrote that May 19 provided "a sea for the guerillas to swim in." Some May 19 members committed acts of violence and terrorism, such as the 1981 Nanuet Brinks robbery and murders, the bombing of South African offices in 1981, and the US Capital bombing in 1983. I spoke with a former FBI informant who told me the May 19th Communist Organization had a weapons training camp in the Catskill Mountains, run by former Black Panthers. In addition, some May 19 members were sent to Cuba for several weeks each year with the Venceremos Brigades, a continuation of the SDS/Weather Underground program begun in the sixties, for explosives training from Cuban intelligence, DGI. A former May 19 member I spoke with identified Obama as participating in their public protests and meetings. In his "Dreams" book, Obama mentions transferring to Columbia to pursue his interest in activism and recounts attendance at some events similar to those sponsored by May 19.

## **Why does it matter who Barak Obama's father really is?**

Obama sold himself to America as the multi-cultural ideal, a man who stood above politics. His father was a goat herder from Kenya, he would bring people together, so it went. While voters will overlook some fudging by politicians, promoting a false family background to hide an agenda irreconcilable with American values is a totally unacceptable manipulation of the electorate.

Admittedly, at age 18, Obama arrived at Occidental College a committed revolutionary Marxist. *Dreams from My Real Father* presents the case that Frank Marshall Davis, a Communist Party USA organizer and propagandist, was Obama's real father, both biological and ideological, and indoctrinated Obama with a political foundation in Marxism and an anti-White world view. This is a known phenomenon in the radical left, referred to as "Red Diaper Babies" or "hand-me-down Marxism." Much of the leadership of the SDS and Weather Underground were children of Communist Party USA members, including Katherine Boudin, Jeff Jones, and many more. David Axelrod is also a "Red Diaper Baby."

## **What final conclusions have you made about President Obama?**

Until now, Barack Obama was perceived as a nice man with an inspiring family story. Now, it seems likely President Obama intentionally hid a deeply disturbing family background and a Marxist agenda. If this is true, he is no longer likeable. Unfortunately, Obama's style is to minimize, misdirect, and outright lie about damaging information about his past. I hope the media will now demand that he come clean about his family background, his political foundations, and fully reveal his agenda for transforming America. It's one thing for "journalists" to give Obama leeway because they support national health care, but providing cover for lies is scandalous and unjustifiable. If I could find evidence that Obama's real father was not the Kenyan Obama, so could foreign intelligence agencies.

## **What does all this mean for US elections in 2012?**

Obama's election was not a sudden political phenomenon. It was the culmination of an American socialist movement that Frank Marshall Davis nurtured in Chicago and Hawaii, and has been quietly infiltrating the US economy, universities, and media for decades. "Problem solving" and "fair play" are the new code words that socialists employ in a determined strategy to move the Democratic party to the far left, and embrace socialism as their natural ideology. Obama's anti-democratic behavior, including consolidation of power through Czars, going around Congress, intimidating the Supreme Court, and class polarization tactics can be better understood after viewing *Dreams from My Real Father*.

French historian Alexis DeToqueville, who traveled throughout our country in 1831, wrote that American democracy would always be in grave danger. American voters had no idea what Obama meant by "change." Obama now uses terms like "helping middle class families" and "fairness" to rally support. Simply speaking, socialist economies do not have a middle class! They have just one big lower class with a handful of political elites controlling the wealth. To understand Obama's plans for America, look no further than Communist Frank Marshall Davis.
