Opening Comments

Why does it matter who Barack Obama's father really is ?

It matters because Barack Obama sold himself to America as the multi-cultural ideal, a man who stood above politics. His father was a goat herder from Kenya, so he would bring people together, so the story went. As a result, the public perceived Barack Obama as a nice man with an inspiring family story.

However, as shown in *Dreams from My Real Father*, Barack Obama in fact has a deeply disturbing family background, which he intentionally hid, in order to obscure a Marxist

political foundation. While voters will overlook some fudging by politicians, promoting a false family background to hide a Marxist agenda irreconcilable with American values is a totally unacceptable manipulation of the electorate.

At age 18, Barack Obama admittedly arrived at Occidental College a committed revolutionary Marxist. Based on Obama's own accounts, there can be no doubt that Frank Marshall Davis, a Communist Party USA Propagandist, and former Soviet Agent, indoctrinated Obama with a Marxist world view during his formative years. This is a known phenomenon amongst the radical left, referred to as "Red Diaper Babies" or "hand-me-down Marxism." Much of the leadership of the SDS and Weather Underground were children of Communist Party USA members, including Katherine Boudin, Jeff Jones, and many more. David Axelrod is also a "Red Diaper Baby", his mother was a Red journalist.

The Journalist's Creed

Obama's election was not a sudden political phenomenon. It was the culmination of an American socialist movement that Frank Marshall Davis nurtured in Chicago and Hawaii, and has been quietly infiltrating the US economy, universities, and media for decades.

As I speak today, here at the National Press Club in Washington DC, what strikes me as most disturbing is that any one of the hundreds of American journalists in this building could win the Pulitzer Prize, just by writing about the evidence presented in *Dreams from My Real Father*.

So today, here at the National Press Club, a great American Institution, I would like to recall the Journalist's Creed. The Journalist's Creed is a code of ethics for the profession of Journalism. It is posted on the wall in the lobby of this building in bronze. It was written by Walter Williams in 1906, when he founded the Missouri School of Journalism. The Journalist's Creed stipulates:

- 1) That journalists must be public trustees with the full measure of responsibility to the public
- 2) That accuracy and fairness are fundamental to good journalism
- 3) That a single standard of truth must prevail for all
- 4) That suppression of the news is indefensible
- 5) And that journalism must be independent, unbiased by personal opinion, and always unafraid.

I Accuse

I accuse all major American Television networks and most Cable News networks of gross violations of the Journalists Creed.

I accuse ABC, NBC, and CBS network news Divisions of violating the public trust by refusing to cover my documentary film, and for ignoring all the revelations about Obama's background that other researchers have produced.

I accuse MSNBC of an intentional and often vile campaign of lies and misrepresentations to protect Barack Obama's false narrative.

I accuse Newmax.com of censorship and suppression of the news. On May 2 of this year, I paid Newsmax \$ 4,350, in advance, for an advertising campaign. They pulled it at the last second. "Why?" They said it was because they wanted "to move to the Center".

I accuse all leftist website-based news organizations of intentional bias - like Talkingpointsmemo.com. On April 26th, they requested a review copy of *Dreams from My Real Father*, which we provided, but instead they illegally copied parts of the film and put them You Tube, and wrote that now people don't need to buy the film.

I also accuse all the main stream print media, like the Washington Post, the New York Times, Newsweek, Time Magazine, all their ilk, of intentionally suppressing the truth about Barack Obama's history and agenda and refusal to cover my findings.

The public looks to all of the news organizations in this building, the National Press Club, for truth. However, an astounding number, almost all of them, have all failed to live up to the Journalist's Creed, and thus failed their responsibility to the public. Only a very few news organizations, like WorldNet Daily, Drudge Report, USA Survival and a handful of independent journalists like Jack Cashill, have done their jobs as journalists - with courage and honesty.

Report the Truth Now

My message to the journalists, then, here at the National Press Club is:

Don't suppress the truth, it is vitally important.

America needs a truthful press, unafraid.

America is worth it!

Take any risk to expose the truth, about a candidate or even a sitting President.

And what is the truth?

- All evidence points to Barack Obama building his political career upon a fairy tale. There was no Obama family, he is not the son of a Kenyan goat herder.
- All evidence points to a sham marriage to cover an illicit affair between Ann Dunham and Frank Marshall Davis.
- All evidence indicates that Barack Obama was raised and indoctrinated by Frank Marshall Davis, a Communist Party USA Propagandist, during his formative years.
- All evidence indicates Barack Obama has pursued the Dreams from his Real Father.

And what are those dreams?

They are the forced imposition of a classic Stalinist Marxist agenda upon America at home and abroad.

And what is the history of Marxism?

Ladies and Gentlemen, the results are already in!

Marxism leads to economic ruin, and the biological destruction of the populations in societies that have employed the Marxist model.

American Journalists have a key role to play in revealing the truth, and they must do so immediately without further delay. Obama's style is to minimize, misdirect, and outright lie about damaging information about his past. America needs honest journalism now more than ever, so the public can understand what Obama means by "change" and "fundamentally transforming America."

I call upon all news organizations and journalists in this building, the National Press Club, to live up to the Journalists creed. Nothing is more important at this late hour - not playing it safe, not worrying about advertising contracts for medications, nothing. The future of America is at stake.

Obama and the Subprime Mortgage Crisis

Not only does the media refuse to look at Obama's personal and political foundations, they refuse to even look at simple facts of the current campaign. For example, when speaking of the economy, Obama says:

“My opponent wants to go back to the policies which got us into this mess.” and

“The Free Market doesn't work”

A journalist only has to recite simple facts:

- 1 The major cause of the economic meltdown was the subprime mortgage debacle, and Obama was in on it, on the ground floor.
- 2 Obama was asked about his role with Acorn during the 2008 campaign. He was not truthful when he said his law firm only represented Acorn to sue the State of Illinois to implement the Motor-Voter Act - and recall that nine of the 9/11 hijackers used this to registered to vote, allowing them to get US Identification.
- 3 In 1995 Obama also represented Acorn in suing Citibank, forcing them to lower their lending standards to lend to minorities even if they were unqualified borrowers. Acorn immediately took this model to HUD Secretary Henry Cisneros, who convinced President Clinton to require Fannie Mae and Freddie Mac to force all banks across the system to lower their lending standards. This Acorn model, that Obama helped create, crashed the economy 12 years later, no the free markets.

This was all by design. It was part of the socialist strategy taught at the socialist conferences Obama attended in the early 1980's, to use minorities and the poor to “collapse Capitalism”. “Problem solving” and “fair play” were the new code words that socialists learned. The strategy was to move the Democratic party to the far left, and embrace socialism as their natural ideology. Obama now uses terms like “helping middle class families”. Simply speaking, socialist economies do not have a middle class! They have just one big lower class with a handful of political elites controlling the wealth.

Going Direct to the American People

I have received hundreds of emails from concerned Americans, the following is from a Vietnam Veteran:

Dear Mr. Gilbert,

I was very mad after I watched your DVD. You have cracked the code surrounding Obama and the Marxist mission he is on.

We are the verge of losing the constitution. Freedom and liberty are in jeopardy. As a Vietnam war veteran, I ask, what did I fight for?

Please, can you get this information out to millions? We Americans need it. It is our only hope!

Bern Nilson
Denver, Colorado

Because of great Americans like Bern, and because almost all levels of the media are suppressing the information in *Dreams from My Real Father*, I am announcing today that my distribution company is planning to send a free copy of the DVD in the US mail direct to millions of households. The process has already begun. Within three weeks, hundreds of thousands DVDs will be mailed across the United States until every American sees this DVD and understands the deadly Marxist dreams Obama has for us, from his real father, Frank Marshall Davis.

Again, for any journalist in this building, here at the National Press Club, a Pulitzer Prize can be yours, just report the facts.

Please visit the film website, there is the breaking news every week, and you can also order the DVD at obamasrealfather.com

Thank you, and God Bless America.
